HAMPTON INN BWI STANDS OUT IN THE CROWD WITH NEW SHUTTLE

Baltimore, MD – November 25, 2003 – For years, arriving passengers at BWI Airport awaiting their hotel shuttles have been asked to “go out to the second curb and wait for a white van” . . . until now. The Hampton Inn BWI is proud to announce their new airport shuttle, which boldly displays Baltimore themes in a unique and eye-catching design. Inspired by the hometown Orioles and Maryland’s famous Chesapeake crabs, the design team spent months capturing the details which now set this van apart from the other airport shuttles.

The van also displays a baseball hat on top, which is lit for easy night-time recognition. Now passengers at BWI Airport will be able to see the Hampton Inn BWI shuttle arriving as soon as it enters the passenger pick-up area.

This shuttle van has caused quite a buzz at the hotel. Guests enjoying their complimentary breakfast actually left their seats last Friday morning to get a better look at the shuttle when the van was delivered to the hotel.

Accommodating up to fourteen passengers, the new Hampton Inn BWI complimentary airport shuttle will now better serve its corporate guests, leisure travelers, and airport patrons taking advantage of the hotel’s great park and fly package rates.

The Hampton Inn BWI recently opened its new Chesapeake Wing, and now offers 182 guest rooms, 1500 square feet of meeting and conference space, and over 2500 square feet of lobby space. The hotel is located less than one mile from Baltimore Washington International (BWI) Airport and only minutes from downtown Baltimore and the Inner Harbor. Its proximity to one of the nation’s fastest growing airports creates an excellent location for business travelers, leisure guests, social groups, and meeting planners.
