

BWI HAMPTON INN OFFERS NEW CRUISE PACKAGE

In response to the surge of bookings departing from Baltimore's new cruise port, the BWI Hampton Inn has created two new packages designed to attract the overnight travelers coming to Baltimore. "As more travelers are driving and flying to Baltimore to depart from the new cruise port, we saw a need to offer affordable overnight accommodations to the out of town cruise guests, to help alleviate the worry of possible delays or cancellations that might cause them to miss their cruise", stated Suzanne Shoap, Director of Sales at the BWI Hampton Inn.

By flying in the night before the cruise, the travelers can relax and actually begin to enjoy their vacation a day early. BWI Hampton Inn General Manager, Jay Gregg noted that the new packages are designed to ease the transition into the cruise mode. "Let us take care of the details while your clients enjoy an extra day of pampering."

The BWI Hampton Inn offers 182 recently renovated guest rooms featuring Hampton Cloud Nine Bedding, a cozy lobby with business center, complimentary high speed wireless and local calls. The hotel is 100% non-smoking and has an on site fitness room. The BWI Hampton Inn is conveniently located just one mile from BWI Airport and 10 minutes from the South Locust Point Cruise Terminal. The Hotel is also easily accessible for those driving in via 1-95, 1-83 and routes 50 and I-97.
